$350,000 in WPA Projects For City Given Approval

WORK WILL START IMMEDIATELY ON MANY LOCAL JOBS

Laying of Larger Water Mains, Installation of Sewer System Approved

At least 200 men will be at work by Monday afternoon on WPA projects in Upland. A total of 11 projects have been approved and money appropriated, with Richard G. Manley, city service manager, being instructed by the city council last night to call for bids for materials to be used in the projects. Almost all of the cost for the work is to be borne by WPA.

If all the projects were started immediately or completed on the anticipated schedule, it is estimated 700 men would have to be employed immediately. It is believed approximately 200 men will be available and these will be assigned to the various jobs.

Included in the projects are a sewer system for the newly annexed district of Upland, laying of "cross town water pipes," installation of larger pipes for domestic water purposes throughout a large part of the citrus district, continuation of the flood control work in the district, and codification of all the city ordinances.

These projects are in addition to four jobs announced Tuesday as having been approved. Sum of more than $350,000 has been appropriated by the government for expenditure on the WPA jobs here.

Mr. Manley has been in close contact with the San Bernardino office of the WPA during this week. He was instructed to be ready for 200 men on Monday and preparations are being rushed to have implements and materials ready for the WPA employes.

Coming to The News today from the San Bernardino office of the WPA was the list of projects, the number of men required on each and the cost of project, as follows:

Ordinance codification, $5,984, eight men six months; flood control $149,386, 229 men nine months; sewer system unit 1, $23,770, 98 men four months; sewer system unit 3, $19,895, 82 men four months; pipe line construction, $20,394, 35 men six months; sever system unit two, $24,629, 102 men four months; curb construction, $17,756, 26 men six months; flood control survey, $6,616, seven men 12 months; pipe line construction, $65,138, 35 men six months; water pipe line, $13,662, 17 men five months, and booster pump unit 5, $12,542, 38 men three months.

WPA wages for various kinds of work vary, but no employe can work more than 120 hours in a month. Common laborers will be paid $48 a month, semi-skilled workers, $70 a month, and skilled workers will get $77 a month.

Nazarene Mission Society In Session

Members of the Woman's Missionary society of the Nazarene church made an interesting study of Chinese missions when they met in regular session Thursday afternoon at the home of Mrs. Howard Merchant, 530 Eighth avenue.

Mrs. Anna McCoy, president, conducted a brief business session, during which there was discussion of work planned by the society.

An inspiring letter from a missionary in China was red and Mrs. Fred Kennedy led the study of Chinese missions.

Equal Rights Study Club To Meet Sunday

A meeting of the Equal Rights Study club will be held Sunday afternoon at 3 o'clock at the home of Mrs. E. C. Cheel, 234 East H street, Ontario, it was announced this morning.

Mrs. Ruth Davis will lead a study of protective laws applying only to women.

Mr. and Mrs. William Morley of 28 Eighth avenue are enjoying a visit from Mrs. Morley's sister, Mrs. William Gillen of Council Bluffs, Iowa. Mrs. Gillen expects to remain here for several weeks.

Mehl Leaves Store After 25 Years to Take Up Police Work

Upland's new chief of police is a former school teacher.

He is known here, however, for his successful business career as one of the members of the Mehl Hardware Co.

Ernest C. Mehl, who tomorrow night will officially say farewell to his active connection with the store in which he has been for 25 years, came to Upland on a visit during a leave-of-absence from a school teaching position in the east. He had taught school for two years.

Mr. Mehl will assume active leadership of the Upland police department Nov. 15. In the meantime, he and Mrs. Mehl will make a motor trip northward in California. Mr. Mehl will visit various police departments and become acquainted with his fellow police chiefs.

"When my father and mother planned to come to California they wanted me to come with them," the city clerk, former president of the Upland Rotary club and civic leader, reminisced today.

"After my folks located in Upland, they naturally wanted to get me interested in staying here and in not returning to my school teaching job. And so my father decided to go into the hardware business."

His parents are Mr. and Mrs. J. C. Mehl, 636 East Ninth street.

"I liked the business and stayed," the new police chief explained. "After being here about a year or so I got married."

J. W. "Bill" Mehl, brother of Ernest, came here several years later and joined in the business. Father of the two men retired from the store a few years after the pioneer concern was established.

"Our store was first located in the building that was recently torn down to make room for the telephone company building," the official continued. "After being there for a year we moved into our present location."

The Mehl company is widely known for its business record, for being the pioneer business firm here and for the part its members have played in the civic life.

The city needed a good police chief and a person who was well acquainted with the community and local conditions. Mr. Mehl met the requirements in the belief of the Upland city councilmen. He was induced to retire from the store and to devote all of his time to the business of protecting Uplanders and their property.

With the close of business tomorrow night, Mr. Mehl will leave the store affairs entirely in the hands of his brother and the staff. After a few days' vacation and visit with other police chiefs, he will take up the duties left by the late veteran police chief, Jedd F. Sawyer.

DISTRICT WARMER THAN ELSEWHERE

R. J. Rogers Points Out That Elevation Is Factor In Temperatures

Difference of a few feet in the elevation makes a considerable difference in the temperatures at night—and that's why Upland is so favorably situated for citrus production, R. J. Rogers, local observer for the United States weather bureau, said today.

"In spots in the 'lower ground' orchard heating started more than a week ago," the official, who is in Upland annually during the winter season, explained. "During the day the earth's surface is warmed and at night the warmth of the earth radiates upward, thus keeping the temperatures at a comfortable degree."

Asked if the winter would be moderate or cold, Mr. Rogers said the weather bureau made no such predictions. Scripps Institute of Oceonagraphy, however, has made a prediction as also have other

TUESDAY FIRST DAY RED CROSS DRIVE

Dr. Ryan Tells Preparation For Campaign For New Members

Annual Red Cross membership roll call will open in Upland, as it will in all places throughout the United States, on Tuesday morning and the Upland chapter, of which Mrs. Mary Eckerman is chairman, is prepared to start bright and early that morning for a quick, thorough and successful campaign, it was stated this morning by Dr. Ralph D. Ryan, roll call chairman.

Dr. Ryan stated that under the efficient direction of Mrs. J. F. Sawyer, who is assisting him by taking over much of the work, preparations for the local campaign are practically completed.

Beginning Tuesday morning and continuing throughout the campaign, enrollment tables will be maintained, as in past years, at the two banks, the J. J. Atwood store and the postoffice. Women of the organizations competing in the membership contest, will take turn in enrolling new members at the tables.

Dr. Ryan is starting today to distribute the Red Cross posters and he requests the business men of the city to display the posters and other Red Cross exhibits in their windows.

FACULTY GIVES $1300 TO RELIEF

Chaffey Group Pledges Aid To Communities and To Students

That Chaffey is always glad to co-operate with civic enterprise at the same time that it recognizes the need of a campus student relief program, was the concensus at the combined faculty meeting recently when the members voted to raise a $1300 relief budget.

The budget of the faculty recognizes that Chaffey is a district school and as such the problems of the campus are concerned with the young people of the district, including those of Upland and Ontario. Of the 1300 students at Chaffey high school, some 500 are from Upland and the rest of the district and 800 are from Ontario. For this reason the budget includes relief for the Chaffey students coming from the different parts of the district.

In the $1300 relief budget, $75 is given to Upland for Red Cross and civic relief. Two hundred and twenty-five is allocated the Chaffey Parent-Teacher association for the relief of Chaffey students coming from Upland and places in the district other than Ontario. Three hundred and fifty dollars is given the Ontario Community Chest to be administered by Chaffey as relief for the Chaffey students from Ontario, and $250 for the Community Chest. Four hundred dollars is allocated to the four campus social service agencies at Chaffey high school and junior college—the Y. M. C. A. and Hi-Y, the Y. W. C. A. and Girls League.

Faculty members voted to give three-fourths of one-per cent of a year's salary to meet the budget. They recognize the need at Chaffey for a student relief program; at the same time they wish to contribute to civic relief projects.

Relief figures from Chaffey high school show that there is need of a student relief program. During 1933-34 and 1934-35, 1034 free lunches were furnished needy students. Thirty-five students stayed in school because of clothing and shoes which were given them. As far as funds permitted, medical attention and school supplies were furnished those who could not buy them.

Figures at the junior college indicate that the government national youth administration relief cannot meet the problems. This relief is designated for 12 per cent of the student body, whereas the calls have been so urgent that the work is spread to 37 per cent at the present time, reducing the income from $15 as planned to $9.12 for the men and $8.59 for the women.

BETTER OUTLOOK FOR LEMONS SEEN BY EXCHANGE MEN

Members of Upland Lemon Growers Cheered At Annual Meeting Here

DIRECTORS RE-ELECTED

L. R. Bradley Tells of Large Crop and Heavy Picking Early In Season

All directors of the Upland Lemon Growers association were re-elected at the annual meeting of the group yesterday. These include William Rohrig, who has been serving as president; John D. Howe, George W. Brown, Elmer Mathews and Col. Wallace C. Taylor. L. R. Bradley is secretary-manager of the group.

Mr. Bradley's report and addresses by three men featured the annual gathering of the city's lemon growers, who are members of the association. Approximately 300 persons are listed as members, with approximately 2000 acres controlled by the association.

The speakers were H. W. Hall, manager of the Lemon Products Co. of Corona; T. H. Powell, general sales manager of the California Fruit Growers Exchange, and Harry Harlow, manager of the Ontario-Upland Fruit exchange.

Their remarks, dealing with the lemon situation, gave encouragement to the growers.

"Prospects are much brighter for the year we are now entering," Mr. Bradley said in connection with the 1936 lemon situation. "The crop may not be so large but it will be harvested more normally and will be picked more equally over the 12 months. I can see no reason why we should not have a very satisfactory year."

From the standpoint of production for the members the season, which officially closed Oct. 15, was the largest in history, a total of 1,368,610 field boxes being picked. Most of the picking came during the first two pools at a time when the market wasn't favorable, Mr. Bradley's report pointed out.

"Such a large percentage of the crop being picked during the early part of the year resulted in heavy shrinkage in storage," the official said. "There will have been shipped and sold, when the season is finished, approximately 1300 cars. This is only 60 per cent of the amount picked.

Total of $491,989.28 in net returns have been paid to the members so far, this being an average of 38 cents for each field box. This total, however, is only for the first three pools. Gross returns received by the association were $711,590.93. The average cost per field box was given at 12.6 cents.

Mr. and Mrs. Glenn M. Atwood were in Culver City yesterday as guests of Mr. and Mrs. Wesley Flum. Mr. Atwood attended the Culver City Lions club with Mr. Flum and later the two couples went through the M-G-M moving picture studios. Mr. Plum is the Standard Oil representative in Culver City.

BALLOTS ON POLL ABOUT ROOSEVELT DISTRIBUTED HERE

Literary Digest Conducting Survey To Determine People's Attitude

TWO QUESTIONS LISTED

Result Will Show If "New Deal" Is Favored By Voters Now

Many people in the Upland district have an opportunity to express their views on "Do you now approve the acts and policies of the Roosevelt 'New Deal' to date?"

This question and another one are on the ballots sent out by the Literary Digest in one of its national polls to determine the attitude of the voters. A similar poll was conducted by the magazine a year ago.

The other question on the ballot is "For whom did you vote for president in 1932?"

Ten million ballots are being sent out, it is reported. In 1934 these same people were sent ballots. Final returns then showed a vote of 61.15 per cent for the new deal to 38.85 per cent against it.

As the ballots are returned in the current poll, they will be tabulated by districts and cities and the results released from time to time.

This is reported to be the eleventh poll conducted by the magazine. Seven of the 11 were conducted prior to presidential elections and in each case, it is claimed, the outcome of the poll was a correct prediction of who would be elected.

Upland postal employes received large deliveries of the ballots and they were being distributed to many today. Other communities in the county received ballots.

Mrs. Geo. H. Parsons Dies In Pasadena: Funeral On Sunday

Just one week after her husband died, Mrs. Geo. H. Parsons, former well known resident of Upland and Cucamonga and recently residing in Pasadena, passed away at 2 o'clock Thursday afternoon at the Physicians and Surgeons hospital in Pasadena, where she had been under treatment for several weeks for a heart ailment. Mr. Parsons also was a victim of heart trouble.

Coming to Upland from Montana about seven years ago, Mr. and Mrs. Parsons purchased a citrus ranch on West Arrow highway, residing there for about three years. For the past four years they had operated a ranch in Cucamonga, going to Pasadena a few months ago.

Mrs. Parsons had many friends in Upland and Cucamonga and a large number plan to attend the funeral service which will be held at 2 p. m. Sunday at the Pierce Bros. chapel, 720 Washington boulevard, Los Angeles.

Payments to City in Licenses, Fines, in Big Gain During Year

Total payment of business and dog licenses to the city during the first ten months of this year as compared with the same period last year is an argument in favor of the "better times" boosters.

Further figures to prove that either times are better, or that auto violators are more numerous or something else are given by Judge D. J. Burlingame in his report on the total fines collected this year.

License payments this year up to November 1 total $6,058.25. Payments last year up to November 1 totaled $4,290.50, this being a gain of nearly $2,000. Members of the police department and Judge Burlingame collect the licenses from all local business firms, from all out-of-town wholesale firms and from owners of dogs. License payments during October totaled $289.50 for 1935 and $161 for 1934.

Persons convicted of violating local laws have paid into the city during the year $3,541.50. For the first 10 months of 1934, the fine collections totaled $3,121, Judge Burlingame reported. The October fines collected totaled $522.50. This money came from 89 persons, the majority paying for violation of the traffic laws.

These reports were submitted to the city council last night. While increase in the various figures may indicate an improvement in the economic conditions, the gain may also be attributed to the efficiency of the department in collecting the various licenses and in seeing that persons found guilty of some law violation pay their fines.

Concerning arrests last month, the report revealed that 94 persons were charged with traffic law violations, 41 of these being for failure to observe stop signs. Other arrests were made as follows: For burglary, 1; for larceny, 2; for intoxication, 7, and held for deputies of the sheriff's department, 15. Other activities by the department were reported as follows: Auto wrecks reported, 8; dors found unlocked, ?; sleepers accommodated, 11; cats and dogs disposed of, 9, and runaways restored, 3.

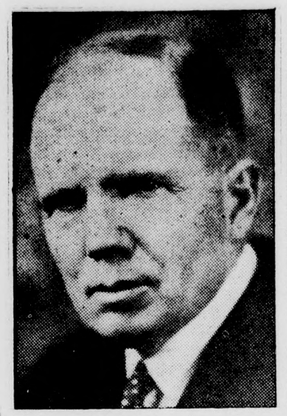

Turkey Shoot Here Monday Expected To Draw Throng

Ethiopia Topic Of Lecturer Thursday

Tax Collector Is Visited By Many

Raymond M. Keck who will speak at Chaffey Thursday afternoon.

J. W. Batchelor County tax collector, who is here on a semi-annual visit.

SETTING OF WAR TO BE DESCRIBED

Ethiopia Will Be Subject At Lecture Series Thursday Afternoon

"Ethiopia and Haile Selassie" will be the subject of Raymond M. Keck Thursday afternoon in the Chaffey junior college auditorium. His address will be in the foundations of culture series. He will be introduced by Mrs. Clyde Whiteley, president of the Upland Woman's club.

Mr. Keck is known to many due to his radio program, "Notes of a Curiosity Hunter," which originates from the Foreign club, station XEMO, in Tijuana, and is sent over the National Broadcasting chain.

The lecturer is a world traveler and it is expected he will bring many colorful descriptions and interesting sidelights about the scene of the Italian invasion.

Distributing Line For Water District Contract Is Let

Contract for the construction of the distributing line from Fontana to Campus avenue, Ontario, for the Metropolitan Water District, has been awarded to the American Concrete Pipe Co., Los Angeles, according to word received here.

It is expected that within a week contract will be let for the unit from Campus avenue west to Glendora. The Commercial Rock Co. of Upland is interested in the awarding of the contract. A large amount of gravel from the local company's pit on Campus avenue at Thirteenth street went into the construction of Boulder dam.

Chrysler, Plymouth Agency To Open Here

An agency to handle new Chrysler and Plymouth automobiles will be opened in Upland soon by Jack Sutherland in the building occupied until recently by Steve Allee on Second avenue just south of the Pacific Electric tracks. It is also reported he has leased the lot across the street for use in selling used cars.

Mr. Sutherland was here for a short time today in connection with opening of the new business soon. He is reported to be widely experienced in the automobile business.

W. E. Jenkins Gets Man and Black Eye

W. E. Jenkins, former Upland policeman and now a deputy sheriff stationed at an Ontario liquor-licensed cafe, won a bout with C. T. Raper, La Verne, when the La Verne man struck the Uplander. Raper was fined $25 for assaulting an officer and $10 for disturbing the peace.

An altercation between the two men occurred Sunday night when Mr. Jenkins attempted to maintain peace. The officer suffered a black eye.

TAX PAYERS HERE SETTING RECORD

More People Pay In One Day Than In Any Other Year, Official Says

More people are paying their taxes now than at any time in the memory of John W. Batchelor, county tax collector. He is here on his semi-annual two-day trip for the purpose of receiving the tax payments due the city, school districts and county from property owners.

At the close of yesterday's business he estimated that more people had made their payments than on any other single day.

"Due to the fact that the tax bills are less this year than in former years, perhaps the total money collected isn't as much as on some days formerly," Mr. Batchelor said. "I believe, however, the number of individuals paying is a one-day record."

First half of the tax bills are payable now and will become delinquent early in December. Mr. Batchelor will be here in the spring to receive payment on the second half.

It is Mr. Batchelor's job to receive all the property taxes payable by local people. The city, school and county taxes are figured as one in the totals on the tax statements. As the tax money is paid in the county treasurer gives to the city and other political units their share of the total receipts.

Mr. Batchelor will be here until 4 o'clock this afternoon.

WM. B. SAGE DIES SUDDENLY NOV. 7

Well-Known Rancher Suffers Fatal Heart Attack In Los Angeles

Sudden death of William Bradford Sage, well known citrus rancher of East Twenty-fifth street, Thursday afternoon, came as a shock to his family and many friends, there having been no indication that he suffered from any serious ailment.

Mr. Sage was in Pasadena on Thursday visiting his brother and, complaining of a pain in his chest, he went to Los Angeles to consult his physician and family friend, but suffered a sudden heart attack and fell dead at his car while talking with the physician, at 3:45 p. m., at 235 North Hoover street.

Mr. Sage, who was 71 years old, was a native of Ingersoll, Ontario, Canada, and came from there to Upland 19 years ago. He took up citrus ranching and became widely known and highly esteemed throughout the West End communities. He was a faithful member of the Upland Methodist church, attending regularly and taking part in the church work.

Besides his wife, Mr. Sage leaves three sons, Earle D. Sage of Ontario, Ralph A. and H. Douglas Sage of Upland; and two brothers, Albert Sage of Pasadena and Emerson Sage of Ontario, Canada.

Funeral service will be held on Saturday afternoon at 2 o'clock at the Stone chapel, and will be private. Dr. Irvin A. Engle will conduct the service.

VARIED PROGRAM PLANNED IN AREA DURING HOLIDAY

Parade and Football Game Are Other Features On Monday

Impressiveness and informality will be featured in Monday's American Legion sponsored turkey shoot at the Lone Hill Gun club grounds.

Honoring the memory of their "buddies" who served with them during the World war but who have gone "west," memorial services will be held at 11 o'clock. These will be in charge of Commander Clair Kirk of the Upland post. While these services will be brief, they will fittingly honor those who have given everything and will take memories of the group back to Nov. 11, 1918.

A throng is expected at the grounds for the annual turkey shoot program. Shooting at the traps will be started about 9:30 a. m., or as soon as enough riflemen are on the grounds. Shooting and the playing of various games will be the program throughout the day, except during the time of the memorial services.

The shoot is being sponsored by the Upland post of the Legion, with all proceeds going to the post's charity fund. Everyone in the Upland district is being urged by the ex-servicemen to attend the program here Monday.

The local event will be one feature of the West End observance of the signing of the Armistice. A parade will be held in Ontario, leaving the business district at 10 a. m. and going northward on Euclid avenue to Fifth street. Various prizes are being offered for the best floats and decorated cars. H. A. Cramer will be grand marshall for the parade.

A football game on Graber field at 2:15 p. m. Monday will bring together ex-grid stars of Chaffey high school and junior college and an all-star team from Riverside. Randall Bryden is the only Uplander on the list of Chaffey players expected to see action.

Village Gossip

Red Cross Helps the Helpless

It would seem to most of us that the Red Cross Roll Call should be as welcome and our response as prompt as for the dinner gong.

Many of our good people are giving cheerfully of their time, effort and—what's very important—enthusiasm to bring this obligation to our attention.

Just seems to me that in consideration of these cheerful efforts we should sort of step to the front and make their paths smooth.

Competent organization with ample and mobile facilities and trained personnel is the Red Cross challenge to minor or major catastrophe.

Think back over our nation's history—even for the last few years—and where drouth, flood, storm or earthquake has rendered communities pitiful and helpless, or where disease or famine has stalked the land, Red Cross has almost anticipated the call in the name of common humanity.

Even from an almost selfish angle—if this favored neighborhood should be visited with any of those dire disasters that strike swiftly, dealing death, destruction and suffering—it would seem a bit ironical to receive the help and comfort, aid and assistance such as we know would be forthcoming from Red Cross if we, too, had passed up the opportunity to put our shoulder to the wheel.

Shall I be one of a legion that seek out the Red Cross worker, and do my stuff?

Cheerfully, gladly yours,
Patrick Henry McQuillen.
The Old Gray Mayor of the Village.

The Governor Calls a Halt

Governor Merriam is showing real indications of a determination to have an economical administration of state affairs. Now he is after appointees and other officials who are spending too much of the state's money on their expense accounts. The governor states that some of those to whom he has already talked have announced their intention to "make restitution"—and the chief executive of the state says he intends to see all the rest of them and see to it that they also square things up in regard to their generosity in using state funds. It has been disclosed that certain state officers have drawn expense accounts averaging from $100 to $200 a month—by establishing their headquarters in one city and living in another.

The governor might also inquire into the reason a state officer, all of whose time is supposed to be given to the state, should have his residence in some other city other than where his office is located. Perhaps it might be that state officials are getting such a generous allowance per mile on their cars that they are actually making money by using them thus generously—in which case it would be an economnical and proper thing to cut down the mileage allowance. It also appears that some of these officials have been traveling by automobile in spite of the fact that it would be less expensive to travel by train—which also indicates that there might be such a thing as their making money on their traveling allowance. And the governor says he is going to look into that little matter also.

These disclosures of apparent extravagance followed closely upon the previous disclosure that state officials and employes have been using state cars for gadding about the country on pleasure jaunts in addition to state business—several hundred state cars having been counted at recent football games and also at the race meet at Santa Anita. If we remember correctly, Governor Merriam figured several million dollars a year will be saved by cutting out this latter unfair practice—and no doubt a few more millions will be added to this saving when the unfair practice of running state cars for private use is stopped. One also wonders how much gasoline these same state officers and employes may have used in the same manner.

All of which causes the ordinary individual to wonder what kind of fellows these state officials are. If they are intelligent enough to hold jobs with the state they ought to also be smart enough to know that it is illegal to make private use of state cars—and that it is an unfair practice to run up unreasonable mileage on state cars by residing in a city other than their headquarters. It seems to resolve itself into the proposition as to whether these said state officials are just plain dumb—or dishonest. And you can make your own guess.

The picture, dear reader, judging by what we read in the papers, is something like this: A state department head cheering wildly at a football game while drawing down a dollar an hour expense money—plus his salary during time he is supposed to be devoting to state business; also a state employe purchasing supplies for his vacation cabin at Lake Tahoe with money out of the revolving fund of the Department of Finance. Such things as these are actually on the record and sworn to by a private accounting firm.

Then added to these irregularities we can also reflect that the state treasury, already termed "grossly inefficient" by accounting experts, is now in somewhat of an uproar over the return to California of an official for trial after admitting responsibility for a shortage of $24,000.

The people of California will pay between $575,000,000 and $600,000,000 in total taxes this year, while two decades ago we paid but $95,000,000. The 1935 Legislature appropriated $58,000,000 greater expenditures than provided in revenues, and the state faces a deficit of $79,000,000 by the end of the current biennium. This deficit and huge increase in taxes are due to some extent to the things noted above. The governor seems desirous of correcting the evils that prevail and if he secures the results desired by the people of the state he will have their undying gratitude and praise—and also their support for continuance in office when another election comes around.

Armistice Day

On the eleventh hour of the eleventh day of the eleventh month of 1918, a khaki-clad officer stood watching his watch near a muddy trench on the war-scarred fields of France. His battery's guns were raining a barrage of shell-fire on the fleeing enemy.

As the second-hand of his wrist watch ticked through the last long minute he stiffened, then raised his arm and gave the command:

"Cease firing!"

It was over! The war to end wars had ended!

Jubilation came even to those war-weary men in the trench. It mounted into a wave of feverish joy that swept around the world.

All the noise and spirit of rejoicing, then and when the boys came home, was a full-throated cry of victory to almost every American.

But not everyone heard it that way. There were some to whom the joyous din was a hollow, futile sound that could not bring back to them what they had lost.

They were the mothers, the wives and families of the 37,568 young men who had been killed in action, of the 12,942 who had died of their wounds, and of the 182,674 who had come home, maimed, disabled.

Monday, the world will observe the anniversary of this fateful hour. It will be Armistice day.

We know, now, that the World war was not a war to end wars. We know this was merely the idle dream of idealists, or the deathly slogan of those who thought they would gain from the war. Today we know that one big power is already fighting again, and that Europe is on the brink of another plunge into mass madness.

Monday, men in khaki will march through the streets, bands will play, flags will wave and people will cheer. The sight and the sound will stir us, and we will remember that day seventeen years ago when those khaki-clad figures marched triumphantly home.

But let us remember also—in heaven's name let us remember also those thousands who could not cheer on that day, the thousands in whose hearts dull pain still lingers.

This should be President Roosevelt's definition of a platform: A platform is something a candidate stands on during the campaign—and lays down on after he is elected.

Don't trust the fellow too far who says he is boss in his own home. He is just as apt to lie about other things, too.

Galleon of Dreams

A Fireplace

There's something about a fireplace
That charms the heart with its homely grace,
It seems to say with its friendly air,
"Come, friend, sit down and draw up your chair,
Find love and laughter and warmth and light,
And shelter snug from the winter night;
Find comfort and hearts that understand,
And silence sweet when the hand meets hand;
The world runs by in its mad desire,
But here is peace by the open fire.

A Word

It only takes four letters
To spell this magic word,
But it should last a lifetime
And all have of it heard.

And all have felt it's tender touch
Or what's the use to live
If you haven't had this L O V E,
Or some of it to give.
—Annie L. Towler

Peace

If we could wake them, lying row on row
Beneath the crosses on that wind-blown hill,
We'd have a million youthful, happy lads
Who should be smiling, living with us still.

Ah, do not now disturb their peaceful rest
With booming cannons and the trumpet's blare,
We must not, cannot spare the dear ones left
To carry on. Let Peace reign everywhere.
—M. Schaffer Connelly

A Recipe for Happiness

Oh, Maria, do come here,
What does keep you all up cheer?
We does have depression,
Troubles come in session,
Oh, Maria, do come here,
Tell us, honey, 'bout dat cheer.

Well, I has a hope ob heben,
Where no sin, as is called leben,
Will be sneakin' round de corner,
I no more'll be a mourner.
Yes, I has dis hope o' heben,
An' my child'n all de seben.

Safe within de ark o' God,
Joyous is de way I trod;
Brudder, give de Lord a try,
He just take away de cry,
When youse safe widin de ark,
Aint no 'pression, not one spark.

The Dawn Triumphant

The dark and secret passing of a night,
When Love seemed dead and Hope had taken flight,
When happy souls lay wrapped in dreamless sleep
Found one awake, with lonely grief, to keep
A memory.

O, dragging hours, where once the hours were fleet!
O, bitter night, where once the night was sweet!
But Lo! The dawn held darkness in control
And with the light he gained o'er his own soul
The mastery.

From out that restless night of throbbing pain
He rose, serene, to face the years again;
From threatened loss of joy he learned to find
For all the burdened hearts of humankind
A sympathy.

Safe Landing

Above Alaska's tundra, into the murky sky,
A scarlet plane soared northward, "just somewhere" there to fly.
Within this ship sat Rogers, with Wiley at the helm,
No likelier pair of aces were known in all the realm.
Courageous sons and noble, both loveable to folks
The whole world claimed their Wiley's stunts and Will's familiar jokes.

But from the home eternal, the Giant Spirit spoke,
Will heard his fathers calling—and Wiley's mind awoke
To feel the earth receding and Heaven looming near—
How sweet to be together and have no thought of fear.
We of the earth will sorrow and long to touch their hand
But He who "guides the sparrow" will help them safely land.
—Kay McCullough, Bartlesville, Oklahoma

Easily Identified

"Did you enjoy your dinner, sir?" asked the solicitous restaurant proprietor.

"Yes, except the sweet. That was terrible."

"Did you have the plum tart or lemon pie?"

"I don't know. It tasted like glue!"

"Ah! It was the plum tart. The lemon pie tasts like paste."

Cremation will take place in Pomona.

Tailor Fined For Operating Without Sales Tax Permit

The detail of getting a sales tax permit is important for a firm as Ben Fink, Ontario, learned when he appeared before Judge J. F. Hamilton this week. He was given a suspended fine of $10 on his payment of $6.08, which was due the state. Fink entered the tailoring business in July without getting a permit from the state board of equalization.

C. E. Kirk, local representative of the state board, brought the charge against Fink. This is one of the first cases of its kind in the district. All retail business firms are required by section 12 of the California retail sales tax act to obtain permits.

Present, Former 20-30 Club Members Unite At Meeting

Present and former members of the Upland 20-30 club united in the Upland Inn Tuesday night with moving pictures presented by Ernest Tweed Stone as the entertainment feature.

Ralph Sage, a former president and a former district governor, was in charge of the meeting. Many of the "fellows" who were active in the club years ago gathered araund the festive board with those who are active now.

Occasionally the present members turn the meeting over to the former leaders and much enthusiasm and interest are also displayed.

FRUIT SHOWER FOR HOSPITAL NOV. 18

Community May Aid Local Institution With Gifts Soon

Annual fruit shower for the San Antonio Community hospital is scheduled to be held at the regular meeting of the Woman's Auxiliary of the hospital on Monday, Nov. 18, it is announced by Mrs. G. A. Hanson, president of the Auxiliary, who urges that all friends of the hospital keep in mind the date for that important event.

Another matter of importance to all members of the Auxiliary will be the voting on the proposed changes in the by-laws. Several changes are deemed necessary to increase the convenience and efficiency of operation of the organization, and Mrs. Hanson is especially desirous that all members who can do so, shall attend the meeting and take part in the voting.

The annual contributions of fruit, canned and fresh, are of great aid to the hospital. All kinds of canned fruits, jellies and preserves are needed, and fresh fruits of any kind, especially citrus fruits, apples and grapes, will be welcomed.

It is asked that the contributions of fruit be brought to the hospital on the day of the Auxiliary meeting, which will be held in the hospital library; but if that is not convenient, the fruit may be delivered at other times.

Fannie Noe P.-T. A. Program Wednesday To Feature Books

Anticipating national book week, to be observed during the week of Nov. 17, books will be the theme of the program to be presented during the November meeting of the Fannie D. Noe Parent-Teacher association to be held next Wednesday afternoon at 2:30 in the kindergarten room.

The usual business session will be conducted by the president, Mrs. Geo. W. Cassell, and for the program Mrs. Fred H. Clapp, of the Chaffey library, will discuss new books.

Following Mrs. Clapp's talk some of the pupils of the school will review books they have read.

Hostesses for the tea hour will be Mrs. Harry Jenison, Mrs. Irvin A. Engle, Mrs. Harold Snyder and Mrs. Harold Musser, mothers of first grade pupils of Miss Mamie Porter and Mrs. Ella Kouts.

"But how did the police spot you in your woman's disguise?"

"I passed a milliner's shop without looking in at the window."

Theaters, Programs For Week In Valley Given Review Here

Continuous Shows On At Upland Theatre

Continuous shows Sunday and Monday will provide plenty of time for theatre goers here to see the fine attractions at the Upland theatre.

Billed for tonight and tomorrow are "Broadway Melody" and "We're in the Money." Features for Sunday and Monday, which is Armistice day, are "Bonnie Scotland" and "Dark Angel," with an added feature being "The March of Time."

Marx Brothers in Hit At Pomona—

Sunday marks the return of the most hilarious and nutty combination of maniacs ever to hit the silver screen. Starting at the Fox Pomona theatre on that day for a non-stop laugh-fest of five days is "A Night at the Opera," with the merry, mad, meddlesome Marx Brothers, Groucho, Chico and Harpo. The preview feature on the program is to be the latest edition of the adventures of that famous Chinese detective, Char'ie Chan. Warner Oland again has the leading role in "Charlie Chan in Shanghai."

Finishing a two-day booking Saturday is "Dr. Socrates," W. R. Burnett's thrilling story, with Paul Muni and Ann Dvorak, with the preview feature "The Bishop Misbehaves."

Big Week End Ahead For California Fans

If movie followers in the district want to have a "good" week end Manager Jack Anderson of the California theatre suggests that they go to his film house.

"Now take Friday and Saturday nights for example," the civic worker and theatre booster said. "We've got two big headliners in 'Shipmates Forever' and 'Wings Over Ethiopia.'"

Dick Powell and Ruby Keeler are the stars in "Shipmates Forever," and, according to Mr. Anderson, the entire program is highly recommended.

Showing for three days, starting Sunday, will be "I Live My Life," starring Joan Crawford, and "Here Comes the Band," featuring Ted Lewis. A cartoon and "Our Gang Comedy" are also billed.

"The Cherry Orchard" at Pasadena Playhouse

Moscow, which added zest and fire to the stage when the czars were in power, isn't forsaking the drama, Gilmor Brown, director of the Pasadena Community Playhouse, declared in announcing "The Cherry Orchard," a play of pre-communistic Russian days, now playing at the Playhouse.

"For the season in Moscow, eight theatres will produce 34 contemporary plays, 9 modern ones and 36 classics," Mr. Brown said. "The themes, of course, have a Soviet slant."

"The Cherry Orchard," a classic by Anton Crekhov, won world-wide attention when produced in 1904 at the Moscow Art theatre.

Under the direction of Leo Bulgakov of the Moscow Art theatre the Playhouse production has a notable cast headed by Onslow Stevens, Nana Gollner, Cy Kendall, Tamara Shayne, Barbara Bulgakova, Paul Guilfoile and Charles Arnt.

EARLY HISTORY OF AREA IS RELATED

Lions Hear of Mormon Movement—Milton Huxtable Bidden Farewell

Eighty years ago the city of San Bernardino was laid out and at that time many caravans of pioneers traversed this district, Jerome B. Cavanaugh, deputy in the district attorney's office, said at the meeting of the Upland Lions club in the Red Hill Country club house yesterday noon.

His theme dealt largely with the history of the Mormon church and the westward movement of the church leaders. A Mormon battalion was formed to go west to fight in the United States war with Mexico over ownership of California in 1847. Mormon church leaders negotiated with the United States government to obtain enlistment of 500 men in the battalion. Pay of the men went to the church and this money formed the nucleus of the fund with which Brigham Young purchased the site of Salt Lake City, Mr. Kavanaugh related.

He is a student of history of San Bernardino city and he explained that in preparing an address on the history of the county seat he learned how closely the city's history was linked with the history of the Mormon movement.

The "Book of Mormon" was written in 1830 by Joseph Smith, marking the beginning of the Latter Day Saints faith. As converts joined the organization, Mormonism spread westward and Mr. Kavanaugh related incidents in the church history.

Milton Huxtable, who is soon to enter business at Oceanside, was given a "farewell" at yesterday's meeting of the club. He is a charter member of the group and during the nearly 11 years existence of the club has never failed to attend a weekly meeting of the Lions. Norman S. Lawson, deputy district governor, expressed farewell wishes on behalf of the club and presented Mr. Huxtable with a gift.

Luther Mack, district governor, was present at the meeting on an official visit. He spoke briefly.

Earl E. Marsh was program chairman. President Clyde DuVall was in charge of the meeting.

Conversationally

Officer (to colored driver who has been trying to start his horse): "Don't fret, man—talk to him."

Driver (to horse, by way of opening conversation): "Aw comes from N'Awleans, where does you come from?"—Southern Lumberman.

18th Street P.-T. A. Program Marked By Library Discussion

In observance of national book week, to be held later this month, a discussion of books and library service featured the program presented during the meeting of the Eighteenth Street Parent-Teacher association held Tuesday afternoon in the school building, Mrs. Geo. W. West, assistant librarian of the Upland public library, being the speaker.

Following the opening ceremony, Mrs. W. J. Mitchell, the president, conducted the business session, during which a number of matters concerning the P.-T. A. work were presented, including plans for the Christmas meeting.

It was decided that the December meeting, regularly scheduled for the first Tuesday, should be held nearer Christmas in conjunction with the annual school Christmas program. The exact time for the joint program will be announced later.

The purpose of national book week, as outlined by Mrs. West in her address, is to stimulate greater interest in books and to direct the attention of the public to the many advantages of the library.

Mrs. West also emphasized the value of the library to school children and stated that a student who is taught the real value of a library will be better able to continue and to utilize his education after leaving school.

Twice each month the pupils of the city schools are taken to the Upland library by their teachers and the librarians assist in giving instruction in the use of the library.

Miss Florence Armstrong, principal of the school, gave a 15-minute talk on school methods, explaining several phases of class procedure and regulations.

Concluding the meeting a social hour was enjoyed and refreshments were served, Mrs. Naomi Hess and Mrs. Blair being the hostesses.

TO DEDICATE NEW HOME OF COLLEGE

Afternoon and Evening Programs To Be Given At Beulah College

The new home of Beulah college on West Arrow highway, formerly the property of the Alpine resort, has not yet been formally dedicated, although the institution began class work there with the opening of the fall term. Dedication of the new home will be held on Thanksgiving day, Nov. 28, afternoon and evening, and the general public is invited to attend the functions.

The dedicatory address will be delivered in the afternoon by Bishop J. H. Wagaman, after which presentations of the campus, library, administration building, dormitory and chapel will be made.

In the evening, beginning at 7 o'clock, there will be a half hour of music by the Beulah college chorus, talks and other interesting features.

Work on the basket ball and tennis courts is now progressing and the buildings and grounds have been remodeled and improved and placed in condition to make a splendid home for the institution. Students and faculty are enthusiastic over the new home and entering into their work with renewed energy.

Frances Paul Girls Hear Mrs. Stone Tell of Trip

Approximately 35 members of the Frances Paul Girls class met Wednesday evening at the home of the Misses Eleanor and Mary Albert, 630 East Nineteenth street, Alta Loma, and enjoyed a delightful social session.

During a brief business meeting conducted by the president, Mrs. Paul Bodenhamer, plans were made for the class activities during the remainder of the year, including preparations for the Christmas entertainment.

For the evening's program Mrs. R. C. Stone entertained with a vivid description of her summer trip in the east, her travelogue including incidents of her visits to Washington, D. C., and New York and to various places in the midwest.

During the social hour that followed Mrs. Stone's very enjoyable talk, refreshments were served by the hostess committee, which included, besides the Misses Albert, Mrs. A. H. Bridges, Miss Bertha Palmer, Mrs. Esther Keller, Mrs. Merrill H. Moremen, Mrs. J. Lynward Grahame, Mrs. Geo. S. B. Ferguson, and Miss Mina Ruesink.

Plans for an especially interesting meeting of the Wesleyan Service Guild of the Methodist church, to be held Tuesday evening, Nov. 12, were announced today by Mrs. Fred R. Rickel.

The meeting will be held at the home of the Misses Florence Armstrong and Lois Kent, 581 Euclid avenue, and will begin with a contributed dish dinner served at 6:30.

The program will include a talk on Japan by Mrs. Eugene Barnard, the former Doris Smith of Upland, who is home on furlough from the Japanese mission fields.

Members of the Guild are reminded to bring to the meeting their donations of canned fruit for the Sierra Madre home and the clothing they have made for the David and Margaret home at La-Verne.

Pinocle Party Given For Club at Home Of the Humbles

Entertaining members of their pinocle club, Mr. and Mrs. H. G. Humble of 298 Sixth avenue, were hosts Tuesday evening to a group of friends from Pomona and Upland.

The party began with a contributed dish dinner served at an attractively appointed table, the Thanksgiving motif being used in the decorations.

The remainder of the evening was spent in playing pinocle with the scores being kept for "treats" at the end of the series. The traveling prize was awarded to Mrs. Mason Hatch.

Attending the party were Mr. and Mrs. Paul Wurl, Mr. and Mrs. Mason Hatch, Mr. and Mrs. Charles Schoneman and Mr. and Mrs. James Ferrell, all of Pomona; Mr. and Mrs. John Jacobs and Mr. and Mrs. Humble.

Woman's Program To Be Presented By Upland Club

With the thought of stimulating cooperation and fellowship among the various women's organizations in the community through personal contact, the Upland Woman's club has changed its regular Tuesday luncheon meeting to a dinner meeting Tuesday evening at the club house and members of the several organizations of women and women not affiliated with any organization, are being cordially invited to attend.

The program to be presented will include a variety of numbers, both entertaining and educational, with discussions that are expected to be truly inspirational. Mrs. Clyde Whiteley, president of the club, will preside, and Mrs. Ray R. Sherwood, program chairman, will present the entertainers and speakers.

During the dinner hour Nip and Tuck, accordion players, who have won favor in radio broadcasts, and Verna Houston, banjo player, also of San Bernardino, will entertain with their specialty numbers.

The after dinner speeches will be presented in the form of a symposium on the value of organization, cooperation, legislation and federation, led by Mrs. Sherwood, and others participating will be Mrs. Maud M. Linsley, president of the Upland Business and Professional Womens' club; Mrs. T. M. Nichols, representing the church federation of the community; Mrs. Hjalmar Anderson, for Ontario P.-T. A. council; Mrs. LeGrand H. Cortright, president of the American Legion Auxiliary, and Mrs. Ray C. Norton, for the Eastern Star.

Again turning to lighter entertainment, Mrs. Sherwood will present the Methodist Men's quartet, Messrs. E. H. Genung, Walter W. Horak, Ralph H. Marr and Bert Hendy, who will sing a group of songs, with Mrs. Florence Dundas accompanist.

All women of the community are invited to join in the meeting. Reservations are to be made with Mrs. W. A. Getty, telephone Upland 218-R.

Birthday Party For Legion Auxiliary Big Success

By way of celebrating the fourteenth anniversary of the organization of the Upland unit of the American Legion Auxiliary, the charter members were given a prominent part in the program presented at the birthday meeting held Thursday evening in the Legion club house, with the splendid attendance of 58 present and former members, including 26 charter members.

Mrs. LeGrand H. Cortright, president of the Auxiliary, conducted a brief business session, during which plans were made for the lunch stands to be operated by the Auxiliary at the American Legion turkey shoot on Armistice day.

A report from the membership chairman, Mrs. Frank Freeman, revealed a total of 82 paid-up members. The unit's quota is 86, to be reached by Nov. 15.

Mrs. Cortright called to the chair Mrs. Elizabeth Moore, first president of the Auxiliary, and Mrs. Everett Fuller of Santa Ana, first secretary, and the two presided for a time. Mrs. Moore was presented with a lovely corsage by Mrs. Cortright, and the 11 other "first" officers and chairmen present received corsages from Mrs. I. J. Linkey.

Mrs. Moore told interestingly of the early work of the Auxiliary, the first project being "adoption" of the disabled veterans in the Arrowhead hospital. She also spoke of the growth of the local unit and of the Auxiliary in general.

Mrs. Fuller read the first call to the women to organize, issued by Harold C. Moore, then American Legion commander, and the first meeting was held on Nov. 15, 1921. The first regular meeting took place on Dec. 12. Mrs. Fuller also read the roll of charter members attending the first meeting.

Several of the charter members also gave reminiscences of the early days of the unit.

Resuming charge of the meeting, Mrs. Cortright gave an indication of the great growth of the national Auxiliary when she recalled that the voting strength of called that the voting strength of the California department at the first convention was 57, and at the recent convention was more than 1000.

Mrs. Thos. E. Howarton, Junior Auxiliary chairman, presented several of the junior members in a clever "radio broadcast," a program of piano and trombone numbers, readings, songs, etc., given by Dorothy Benson, president of the Junior Auxiliary; Jeanne Benson, Marian and Virginia Ellis, Dorothy and Roberta Manley, Peggy Grahame, Betty Larkin, and Tressie Martin. Closing the program Peggy Grahame sang "Tapps."

A delightful social hour was enjoyed and a birthday collation was served, the menu including a handsomely decorated birthday cake, bearing the Auxiliary emblem and 14 candles, the gift of Mrs. Frank B. Whipple of Fontana, mother of Mrs. Cortright.

The hostess committee included Mrs. Herbert C. Naylor, Mrs. I. J. Linkey, Mrs. Maud Brogan, Mrs. Harry Plum, and Mrs. Francis H. Rogers.

Vacation Talks Made At Meeting of Red White, Blue Club

Traveling by proxy in many sections of the country and in foreign lands was the privilege accorded members of the Red, White and Blue club when they met Tuesday at the home of Mrs. A. M. Plasterer, 723 El Morado court, Ontario, for their November all-day meeting. Several members of the club have recently returned from extended visits in various places and during the afternoon they related many interesting incidents of their trips, some of them humorous, and gave vivid word pictures of beautiful scenic places they visited in country and city.

A contributed dish dinner was served at the noon hour, with Mrs. A. C. Hall in charge, and later a brief business session was conducted by the club president, Mrs. Florence Ogan, and plans were made for presenting a flag to the South Cucamonga school this morning. Mrs. E. F. Pardee, patriotic instructor, was selected to arrange for the presentation.

Those who entertained with vacation talks were Mrs. Hattie B. Knoll, who spent the past five months near Redwood City; Mrs. Elizabeth Ensley, who made a summer visit in Indiana; Mrs. J. M. Hawthorne, who spent some time in Iowa, and Mrs. John Priestly, who has just returned from a visit in England. Mrs. Priestly's travelogue on England brought up old memories for Mrs. Plasterer and she told many incidents of her childhood in England.

NEW GIRLS' WORK DIRECTOR HONORED

Miss Helen Gillard Greeted At Meeting Held At Paul Adams Home

Honoring Miss Helen Gillard, recently of Santa Barbara, who on Nov. 1 assumed her duties as secretary for the Chaffey Community Girls Organizations, the members of the organization council entertained Miss Gillard and the leaders of the girls groups throughout the Chaffey district Wednesday evening at the home of Mrs. Paul Adams on Red Hill.

The meeting opened early in the evening with the serving of a delightful buffet supper. The social committee serving as hostesses included Mrs. J. F. Grass, Jr., Mrs. Welles T. Ross, Mrs. R. H. Henderson, Mrs. E. C. Rosenberger, Mrs. Charles V. Benson, Mrs. W. W. Stevens and Mrs. Adams.

In the absence of Mrs. Kenneth I. Hanson, council chairman, who is in Hawaii, Mrs. A. L. Weber presided during the session and presented Miss Gillard, the speaker of the evening.

Miss Gillard, a graduate of Pomona college and for the past four years assistant director of girls work in Santa Barbara, is a well trained, capable young woman and she possesses a pleasing personality that is certain to make her popular with the girls as well as with the leaders.

Explaining her conception of the duties of a local director of girls work, Miss Gillard emphasized the value of harmonious relationship among all groups and urged the leaders and the council members to look upon her as a "listening post" and a "watchtower." She also gave comprehensive reports of the national convention of Girl Scouts held in San Francisco and the Asilomar conference.

Miss Gillard will be in her office at the Scout center on Third avenue from 9 to 10:30 in the morning of the first four days in each week. The remainder of the time will be devoted to field work.

Concluding the meeting Wednesday evening, Miss Gillard held a short training lesson for the leaders.

Attending the meeting from Ontario were Mrs. Donald Keith, Mrs. H. M. Shattuck, Mrs. Herbert S. Bailey, Mrs. John Hooval, Mrs. E. J. Sanford, Mrs. Darrell Hayhurst, Mrs. Marcus D. White, Mrs. E. W. Miller, Mrs. Florence Morketter, Mrs. Evelyn Logg, Mrs. F. A. Maurer, Mrs. Louise Dyke, Miss Pearl Clark, Miss Rosamond Norman, Miss Ethel McCorkindale, Miss Clara Bissell, Miss Olivette Gray, Miss Margaret Nelson, Miss Barbara Helmer, Mrs. Teresa Miller, Miss Opal Garber, Miss Sarah McClure, Mrs. Laura Jane Walter, Mrs. L. Ruddington, Miss Dorthea Lindsay, Miss Bertha Sargent, Mrs. Dorothy Garrett, Mrs. L. Harris.

From Upland were Mrs. Earl Johnson, Mrs. Frank K. Nichols, Mrs. Clair Kirk, Mrs. Arthur E. Flum, Mrs. W. K. Kitchel, Mrs. Howard Mason, Mrs. Frank Phillips, Mrs. R. S. Hayslip, Mrs. Virgil Holden, Mrs. Brooks Kitchel, Mrs. Chas. Jones, and Mrs. L. Boyce.

From Cucamonga—Mrs. Theodore Krysto, Miss Ruth Van Fleet, Mrs. C. P. Shaffer, Miss Teresa Stafford, and Miss A. Thayer.

From Etiwanda — Mrs. John Frost and Miss Harriet Myers.

Miss Martrha S. Tye and her sister, Miss Menia Tye, of Vista drive, San Antonio Heights, will leave Saturday for Cathedral City, near Palm Springs, where they will spend the winter.

Head-On Collision Injures Motorists

Foothill boulevard and San Bernardino road was the scene of a head on collision last night, with James N. O'Connor, Milbrey, Calif., and Fred Hill, 408½ East B street, Ontario, being injured. Their injuries are not looked upon as serious, but their escape from death is looked upon as being miraculous.

Mr. O'Connor was driving east and Mr. Hill was going west, both on Foothill. It is believed that O'Connor attempted to turn off the boulevard on to San Bernardino road when the two cars met radiator-to-radiator. The accident occurred about 7 o'clock. There were no other passengers in the cars.

DR. JOHN MATTHEWS WILL SPEAK HERE

Evangelistic Institute Will Be Held Here Tuesday By W. C. T. U.

With Dr. John Matthews, famous pastor of the Radio Church of the World, as the outstanding speaker, an evangelistic institute sponsored by the County Woman's Christian Temperance Union, will be held in the Upland Nazarene church on Tuesday, Nov. 12, beginning promptly at 10:30 a. m. and closing at 4 p. m.

Mrs. E. J. McGready, president of the county W. C. T. U., will preside. Opening prayer will be led by Dr. R. C. Stone of the Upland Presbyterian church, with congregational singing following.

Dr. Matthews will be presented at 11 a. m. and he will give an account of his recent world tour, dwelling especially upon his visit to Palestine. The men's quartet from Beulah college will sing.

Observance of Armistice day will be held at the noon hour when a contributed dish luncheon is served in the church dining room. There will be a special speaker and other Armistice features.

Assembling again at 2 p. m. the audience will be led in prayer by Dr. Irvin A. Engle, pastor of the Methodist church, and there will be singing by a woman's chorus that will include W. C. T. U. members from Redlands, San Bernardino, Colton, Rialto, Ontario, Chino and Upland.

The afternoon address will be delivered by Mrs. McIntyre of Los Angeles, who will discuss what has been accomplished by the W. C. T. U. of Southern California during the 53 years of the organization. A young women's quartet from Chino will sing and the benediction will be pronounced by the Rev. John P. Mandtler, pastor of the Nazarene church.

A free will offering will be taken as a contribution for the radio broadcasts by Dr. Matthews.

The day's sessions will be open to the public, with a cordial invitation being extended to everyone.

R. O. Price To Tell Of AAA Program At Democratic Meeting

R. O. Price of Upland will be the speaker for the Women's Democratic club of San Bernardino county at a meeting to be held in the California hotel, San Bernardino, Tuesday noon.

Mr. Price, who is president of the San Bernardino county farm bureau, will explain operation of the Federal government's AAA, one of the agencies of the new deal.

MUSTARD PLANTS TO COVER HILLS

Seeds Sown Several Weeks Ago—Plans Drawn For Debris Basins

Within a short time the barren area in the Upland foothills will be covered with mustard and the fast growing plants may be large enough by the time heavy rains come to help prevent soil erosion. Approximately 2500 pounds of mustard seed were sown several weeks ago under the direction of officials of the forest experiment station at San Dimas.

After the revastating forest fire here in September forest officials recommended sowing of the seed as one precaution against severe soil erosion and floods in case of heavy rains.

Preliminary work is underway for construction of debris basins. It will be several weeks before actual work is started in construction of these. These basins are to be placed at strategic points in the various canyons north of Twenty-fifth street to retain the boulders that may be washed down by heavy rains. The storm water will be carried off in a concrete flume that is to be part of the flood control project. The city and council are sharing the expense of having plans drawn up for the project. Actual construction of the basins will be under the direction of the WPA.

New Car Business Looms As Best For Many Years, Report

On the basis of the number of new car prospects, Owen Davis and Cecil Dazey said that "business is going to be better than it has been for many years."

The 1936 models of the Chevrolet were seen here for the first time last Saturday. Since then wide interest has been shown by many people in Upland and throughout the district.

The two local representatives of Alan A. Couch, Chevrolet dealer, were very optimistic over the new car outlook and they explained that interest by people in the purchase of new cars indicated a general improvement in conditions.

Mrs. Henry Wilde, of 791 East Eleventh street, who has been ill for several days, is now improving and was able to be up for a time Thursday.

Many Enthusiastic Over New Ford Car

Many people in the district are enthusiastic in their praise of the new Ford V-8 automobile, according to the Engel Motor Co.

Body lines which strike a new note in conservative streamlining, a new treatment of the interiors and three important refinements in chassis engineering summarize the principal improvements in the car. There are no radical changes. The 85-horsepower V-8 engine, of which more than 2,000,000 are now in operation, is unaltered.

Of the three principal chassis improvements, one — improved steering—is aimed at greater ease and safety of operation. Two others tend to greater comfort. One is the use of new steel wheels which lessen the unsprung weight and thus provide greater riding comfort. The other is an improved transmission using quiet helical gears—formerly used only in second and high speeds—in all forward speeds and reverse.

A new front-end treatment gives added distinction to the body lines. The hood is longer, extending gracefully over the attractive new radiator grille. With its vertical slots and more accentuated "Vee," as well as its smoothly rounded lower edge which blends with the streamlined curve of the inner portion of the fenders, the grille contributes a new note of smartness.

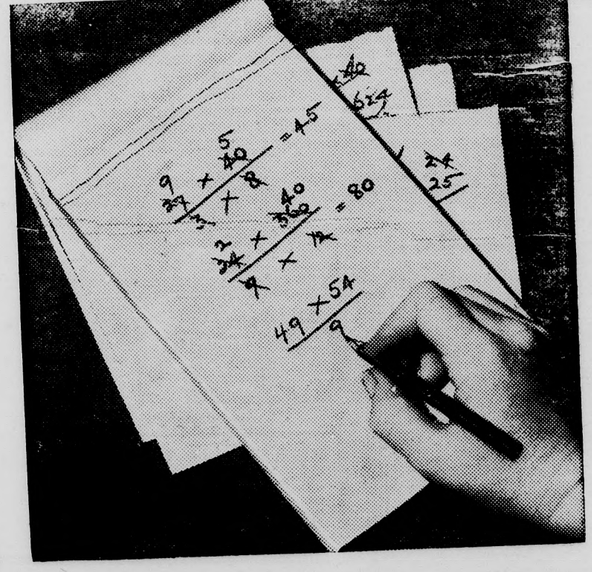

Fenders are streamlined, a wide inward flare giving them an imposing appearance.

LIKE SHEETS OF PAPER, SINGLE USAGES OF NATURAL GAS ARE MATTERS OF TRIVIAL COST

If you ask a schoolboy the cost of a single sheet of his tablet, he will probably have some difficulty with fractions. The amount is so small.

Similarly, individual uses of Natural Gas are matters of small fractions. The costs of Gas to heat water for a morning shave—to cook a cereal—or to heat your room while you're dressing are almost too little to calculate. It takes dozens of uses like that to equal the sum of a nickel.

An even more important factor than low cost is the efficiency of Natural Gas. No other fuel approaches it for speed—none excels it for control.

Ask your Gas Company or dealer to inspect your equipment. Perfect operations are dependent on perfect adjustment.

"AG" STUDENTS IN MANY PROJECTS

Chaffey Boys Conduct Special Work With Animals and Gardens

One popular phase of the agricultural classes at Chaffey high school are the projects conducted by the students. For the eighteenth consecutive year, students are working on projects under the direction of Charles A. Perrin and Harry Alter.

The number of these undertakings has increased from less than 10 in 1917, when a federal law made outside projects mandatory, to more than 160 at the present time. The work plans were introduced at Chaffey in 1910 by Charles J. Booth, now director of the college.

According to Mr. Perrin, one of the main reasons that Chaffey has always been one of the leading agricultural schools in the state is the encouragement given by the principal and the school board. Dr. Merton Hill, former high school principal, was responsible for a large part of this success.

The supervision of the projects by Mr. Perrin and Mr. Alter is carried on during special school periods and over week ends. The projects are also continued through the summer under the teachers' direction, mainly for the purpose of having entries ready for the Los Angeles county fair at the beginning of school.

One-fourth of a credit, and more in exceptional cases, is given for the outside work. Many of the projects are a source of income to the student, and many eventually result in the student's taking up that form of endeavor as a vocation. Among some of the popular projects at present are beef, sheep, dairy, poultry, gardening, citrus and pigeons.

Will Rogers Highway Suggested Name For Valley Boulevard

Efforts are being made by civic leaders and others to get the Valley boulevard named Will Rogers highway. Ontario has gone on record favoring the change in the name and it is expected other cities on the highway will endorse the idea of honoring the late famous humorist by naming the highway after him.

This movement comes at a time when effort is made throughout the nation to obtain funds to erect a memorial honoring Will Rogers.

Whose Idea Was It?

MEN MEET FRIDAY IN MISSION PLAN

Annual Meeting for Laymen's Movement Will Be Held November 15

Annual meeting here for men of the Upland churches in observance of the laymen's missionary movement will be held next Friday night at 6:30 o'clock in Fellowship hall of the Methodist church. The speakers will be Rev. R. P. Robinson and his son of Pomona, who are returned missionaries, they having been in Africa for 14 years.

A 50-cent turkey dinner will be served. A varied musical program will be presented throughout the evening. J. H. Siegrist is chairman of the committee planning for the event.

The laymen's missionary movement was launched Nov. 15, 1906. Near that date in recent years, churches throughout the nation hold meetings. The movement seeks by this observance and its other activities to enlist the interest of men in the missionary work of the churches to which they belong.

LEGION'S CHARTER NIGHT CELEBRATED

Judge Kavanaugh Is Speaker Of Evening, Telling State's History

Charter night was celebrated with special program by Upland American Legion post when a large number of members gathered in the Legion hall Tuesday evening for the regular meeting.

The business session was conducted by Clair E. Kirk, post commander, and reports were given on the preparations being made for the Legion's Armistice day turkey shoot, and other suggestions and plans were discussed.

Sam B. Rowe, one of the number of charter members present, served as program chairman.

Roll call of the charter members revealed a large enrollment at the time of organization, with many of those first members now residing in other places and several of them having answered the last call.

Mr. Rowe presented as the speaker of the evening, Judge Jerome B. Kavanaugh of San Bernardino, who entertained his audience with an unusually interesting outline of the history of California.

Judge Kavanaugh is a native of San Bernardino and is a recognized authority on the history of the state.

Going back to the period before the white man's discovery of America, the speaker told of partial records that have been discovered, revealing the history of ancient Indian races inhabiting the country.

The discovery of California, the mission days, the Spanish conquest, the coming of the Mormons and the subsequent settlement of the state, all were told in a manner that revealed the vivid romance of the development of California.

Questioned concerning the meaning of the name, California, Judge Kavanaugh stated the generally accepted translation is "firey furnace," however, he said there are several legends giving other and more pleasant interpretations of the name.

At the conclusion of the meeting many of the Legionnaires remained to enjoy a social hour.

A dinner will be served preceding the December meeting.

"Well, that's only natural. That's what he uses it for."—Newark Advocate.

SCHOOL HELD FOR JR. HIGH PARENTS

Many Attend Unusual Meeting Of Parents and Teachers Tuesday

Drawing the largest attendance yet recorded by the organization, the Junior High Parent-Teacher association "school" held Tuesday night in the junior high building, was marked by keen interest and a general spirit of good fellowship.

With a large number of fathers included in the audience, the meeting opened in the auditorium with a brief business session conducted by the president, Mrs. D. R. Kilbourne.

Miss Dorothy Webster, as program chairman, presented the ninth grade girls chorus in two numbers, "Neopolitan Nights" and "Viking Song." The chorus is directed by Mrs. Charles Jones.

A cordial welcome was extended to the parents by Harold W. Cook, principal of the school, who also gave a brief outline of school work as carried on by his faculty.

For the purpose of giving the parents an opportunity to personally contact the teachers and to acquaint themselves with the routine followed by their sons and daughters and the work they do, Mrs. Kilbourne dismissed the meeting and the parents adjourned to the various rooms for 12-minute sessions, going from room to room in accordance with the schedule their children follow.

The teachers presided in their own rooms, giving to each group an outline of the class work and explaining the method of instruction employed and the essential points stressed.

Eight 12-minute periods were held, with the parents being as keenly interested in the last period as they were in the first, and when "school" was dismissed the entire company gathered in the cafeteria where the mothers of the P.-T. A. held a reception honoring the teachers.

The junior high orchestra, directed by Charles Jones, entertained with special numbers during the social hour and refreshments were served.

This phase of the evening's program was in charge of the hospitality committee, including Mrs. C. B. Jordan, chairman; Mrs. H. B. Hamilton and Mrs. R. H. Sargent. Six young girls of the upper grade, as assistant hostesses, aided in serving the refreshments. They were Lois Broyles, Marjorie Browning, Doris Goodban, Elice Broyles, Helene Tillman and Nadine Jordan.

One of the most gratifying events of the evening was the announcement by Mrs. Thos. H. Settle, membership chairman, that the campaign she waged during the week had resulted in more than doubling the membership. Mrs. Settle had promised that every pupil bringing in a new member should be a guest at a party she is to give and she stated the young folk had worked so enthusiastically that her guest list will be a long one.

Mrs. Settle very cordially thanked all who had helped make the campaign for members such a marked success.

Bank Clearings In District Show Gain

CITY'S FLOWERS SHOWN ON SCREEN

Awdry Armstrong Tells Chaffey Audience of Various Plants and Shrubs

Colored pictures of scores of the best flowers, shrubs and trees suitable for planting in the district were seen by many west end residents in Chaffey junior college auditorium yesterday afternoon as Awdry Armstrong appeared in the Foundation of Culture lecture series.

Many of the pictures were those of plants growing in the Upland and Ontario district. Due to his frequent reference to the Upland climate, Mr. Armstrong was led to declare that this district is better suited than many districts for many items in gardens.

One picture was of the flowering eucalyptus tree at the San Antonio Community hospital grounds. Mr. Armstrong described this tree as of the smaller variety and one of the best for artistic and colorful purposes. A picture of a wistaria vine on a San Antonio Heights home was also shown and he described this vine as fast growing and "capable of covering any object within a short time."

Concerning flowering trees, Mr. Armstrong, who is vice president of Armstrong Nurseries, one of the largest nurseries in the state, said the Japanese apricot was the earliest, it presenting its beautiful colors during January.

Scene after scene, vivid in colors was flashed on the screen as the large audience closely listened to the description of the various subjects.

J. H. Asper, one of the experts of the Armstrong Nurseries, assisted Mr. Armstrong in the presentation of the illustrated address.

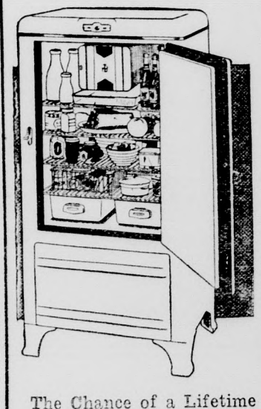

Old-Friend-of-the-Family (to student just returned from college): "I suppose all this talk about present-day college man's life being all wine, women and song is exaggerated."

Student: "It certainly is; you very seldom hear singing in the dorms."

CHAFFEY TEAMS IN WEEK-END GAMES

San Bernardino Host To Tigers Today—Panthers Play At Citrus

Chaffey's Tigers were invading the San Bernardino high school grid field this afternoon in the third game in the C. B. L. football race. The Chaffey Panthers will be at Citrus junior college tomorrow for another tussle in the Orange Empire conference.

Both of the Chaffey teams are out of the race for top honors, but that doesn't keep the elevens from fighting for the best possible position in the finish.

Strenuous practice was the program for the week prior to today's game after the Tigers had enjoyed a bye in last week's schedule. Coach Howard Mitchell was optimistic over the outcome today.

The Panther record hasn't been too impressive, but it would give the Chaffey team a lot of satisfaction to knock over the Citrus eleven, which heads the league standings.

Home Cafe Is Being Enlarged, Improved

It really is a "home" cafe now, Mrs. Myrtle Arthur, proprietor, said today in telling of the many improvements made in the Home cafe, 223 East Ninth street.

Individual booths have been added and more room has been made to serve the public. Many new fixtures have been installed and the entire cafe has been refinished in attractive colors and beautiful designs.

"Our number of customers has been steadily increasing and there were so many couples coming here for dinner I really wanted to make it more attractive," Mrs. Arthur explained.

Those visiting the cafe recently have agreed with her that the cafe is very attractive, that the new fixtures were well selected and that the enlarged accommodations will bring wide approval.

Many men and women regularly eat at the cafe and the increased service and the very attractive interior of the building are expected to draw many more people.

ETIWANDA

ETIWANDA, Nov. 8. — The financial committee of the Etiwanda P.-T. A. is planning a benefit to be given at Cypress hall Tuesday evening, Nov. 19. The function will be a box supper and old fashioned school and spelling match. The boxes will be sold at auction and plate suppers will be provided for those who do not care to bring or purchase a box. Tickets will be sold for the plate services at 20c each. It is hoped everyone will attend.

The fourth section of the Ladies Aid society is planning "Claremont day" for Sunday, November 17, serving dinner at the church. This was an annual event throughout Rev. J. H. Mallows' pastorate here and as he is supplying the pulpit here for several months his Claremont friends are being asked to attend on that day. All local people who desire may also have dinner at the church. A charge of 50c per plate will be made for the dinner.

Mr. and Mrs. Miles Gebhart of Los Angeles were guests of Mrs. E. T. Myers and son Arthur Sunday and called on Mr. Myers at the San Antonio Community hospital.

J. C. Jones of Coachella valley was a guest of his son, R. S. Jones and family, Tuesday.

The Friendly class of the Sunday school enjoyed its regular monthly pot luck supper and business session in the basement of the church Monday evening.

Miss Artemas McCann, a senior at the University of California, Berkeley, was a week end guest of her parents, Mr. and Mrs. J. A. McCann.

D. R. Jones, who is seriously ill in the San Bernardino hospital, underwent a blood transfusion the fourth since being admitted to the hospital a month ago.

Mrs. Lue B. Dooley is a guest of her son, Dr. Wayne Dooley and family in Los Angeles this week, going down Tuesday

Mrs. Thomsen of Glendale looked after business interests here Tuesday.

Mr. and Mrs. R. D. Merrill and family, who have been here during the grape season, returned to their Imperial valley home Monday.

Large Crowd Sees Comedy Given At Townsend Meeting

Following the regular business meeting of the Upland Townsend club held Tuesday evening in the Upland Woman's club house, the audience of 200 members and guests enjoyed a fast-moving, three-act comedy, "What's the Matter With Gay," presented by the Modern Mummers, little theatre players of San Bernardino.

A clean, high class production, the play was presented with excellent characterization and the comedy parts, developing naturally, brought many gales of laughter from the audience. Although written as entertaining comedy, the play also carried a beneficial moral, as do all the plays presented by the Modern Mummers.

Another special and very enjoyable feature of the program was the entertainment presented between acts. Ward Baumwart of Second avenue, an accomplished musician, played a group of piano numbers that delighted the audience and brought prolonged applause, and H. J. Clewett of San Antonio Heights, well known in local lodge circles for his excellent readings, entertained with two humorous selections, the second one being given in response to an insistent encore.

The business session was opened with the usual ceremony and several club matters were given attention.

In the absence of the secretary, Miss Bertha Watson, who was not sufficiently recovered from her recent accident to attend, Mrs. Mary A. H. Sampson, assistant secretary, performed the duties of that office.

A special treat enjoyed by all the members and the visitors, as well, was the reading by the secretary of a long letter from Miss Elizabeth McQuillen, the club's delegate to the recent Chicago convention, giving an entertaining account of the trip and sidelights of the convention.

Miss McQuillen is expected to return home in time to give a full report to the club at the meeting on Tuesday, Nov. 19.

Motorists Must Pay Cash For License

Upland motorists will have to use something besides personal checks in paying for their motor vehicle registrations and vehicle license fees hereafter.

Department of motor vehicles announces that cash, postoffice money orders, cashier's checks or express money orders only will be accepted at all offices for registration number plates or any other department transaction.

The ruling is one of economy and efficiency, says J. C. Toomey, chief of division of accounting for the department.

According to Toomey, it has often cost taxpayers more than $20 to send a California Highway Patrol officer to collect a $3 fee paid by bad check.

Not As Much As It Was

Mr. and Mrs. Thomas were returning home one moonlight night after a strenuous day's shopping.

"Oh, John," exclaimed his wife, "what a lovely moon!"

"Yes," he replied absentlmindedly, "how much is it?"

Transients, Local Needy Are Helped By Salvation Army

During the last 12 months the Ontario post of the Salvation army served 10,073 meals to transients, provided transients with 2675 beds, gave Thanksgiving and Christmas dinners to 50 families and 160 single persons, gave toys and treats to 275 children and distributed to the needy 2387 garments, 394 pairs of shoes and 1825 gallons of milk.

The post's fiscal year closed recently and the figures given above indicate the wide scope of service given.

The Tipoff

Willie and Jack were two youngsters, pugilistically inclined.

"Aw," said Willie, "you're afraid to fight; that's all it is."

"No, I'm not," protested Jack, "but if I fight my ma'll find out and lick me."

"How'll she find it out?"

"She'll see the doctor going to your house."

WILLIAM SMALE IS FIRST IN CONTEST

Podrasnik Oratorical Contest Held—Uplander Is In Third Place

William Smale, who has previously distinguished himself as a speaker and student at Chaffey, won $50 for being the best orator in the Alois Podrasnik contest at Chaffey yesterday. Lucille Huston was second in the ranking and won $25, and Warren Richards placed third and won $15. Mr. Podrasnik was on the platform with the speakers and personally awarded the winners their prizes. The contest prizes come from a fund established by the Uplander many years ago.

Mr. Smale and Miss Huston are junior college students, while Mr. Richards, who resides in Upland, is a high school senior.

Judges yesterday were W. H. Kegley, Mrs. Helen Story Brown, Miss Mary Plant, J. Anson Smalley and Olaf Snyder.

Mr. Smale spoke on "The Imminence of War," Miss Huston's topic was "Christianity, the World's Alternative." Mr. Richards' oration was entitled, "Cecil Rhodes—Empire Builder."

System of Placing Men On WPA Jobs Outlined By Smith

With three organizations cooperating to place workers on WPA projects, Ralph B. Smith, district director of the Works Progress Administration, today announced an arrangement for greatly speeding up and making sure of work orders reaching the workers in time for them to report on the job.

When a project is to be opened, the division of labor management of WPA makes requisition for workers on the United States employment service or the national reemployment service. That organization makes selection of names from its files of men nearest to the project and sends them to the WPA office. There the work orders are typed from the original cards and delivered to the county director of SRA. The orders are then distributed to SRA case visitors to make delivery of them to the workers at their homes.

In case delivery is not possible the visitor notes the reason on the order, such as "employed," "ill," "ineligible," unavoidably absent." Such cards are returned to USES and WPA and placed in the inactive files. A card is returned to the active file again when the worker himself reports to the employment service and clears it.

The business of assigning workers to their various projects is proceeding smoothly and with but a minimum of error, Smith said. SRA offered to deliver the work orders when it was found ordinary mail failed to reach many in outlying districts within reasonable time.

ALTA LOMA-CUCAMONGA

P.-T. A. Features Safety

The value of safety measures and the results of carelessness were given special emphasis during the meeting of the Central Parent-Teacher association held Wednesday afternoon in the school auditorium.

Mrs. W. L. Thomas, president, presided and the meeting was opened with the usual ceremony.

Featuring the program was a very clever and well presented play, "Busy Day in Court," given by pupils from Miss Wren Rucker's third and fourth grades and Miss Sarah Louise O'Brien's fifth grade, Miss Rucker directing.

The judge and the jury were called upon to try several law violators, who had disregarded safety rules by playing in the street, roller-skating on the sidewalk, throwing stones, etc., and the lessons in safety were well presented by the youthful actors.

Kenneth Deardorff, principal of the school, spoke of the safety program of the school for the year and explained the duties of the school safety patrols. He also told of the Red Cross and American Legion campaign being made to reduce the number of home accidents.

During the business session reports were made of the recent cafeteria dinner and Halloween party, the returns being very satisfactory. The meeting closed with a social hour and tea, Mrs. Ben H. Miller and Mrs. Rogers presiding at the tea table.

Club Hears Book Review

A splendidly presented book review and a delightful tea hour combined to make the meeting of the Cucamonga - Alta Loma Woman's club held Thursday afternoon a most enjoyable occasion.

The Misses Mary and Eleanor Albert were hostesses at their home on Nineteenth street, Alta Loma, and they used an effective combination of autumn flowers and orange colored candles to decorate the rooms and the tea table. Mrs. H. L. Salisbury was the co-hostess with the Misses Albert.

Mrs. L. J. Thomas, club president, conducted a brief business session, which was followed by the very comprehensive book reviews presented by Miss Blanche Seeley, vice-president of the Ontario Woman's club. Miss Seeley selected for her reviews the two much-talked-of books, "Green Light" and "A Few Foolish Ones." She also suggested a number of books for good reading, including biography, travel, fiction, etc.

The meeting closed with the social hour and Mrs. J. W. McKee and Mrs. Mary McDonald presided at the tea table.

Mrs. Chester Warren of Ontario, sister of Miss Seeley, was a guest at the meeting.

Plans announced for the club meeting on Nov. 21 include a play, "Town Hall" to be presented by several of the club members. This will be a reciprocity meeting and the presidents of the several West End clubs are to be invited.

HOUSE NUMBERING PLAN IS ADOPTED

School Students and City Council Unite In Vote On Project

A group of Upland junior nigh school students last night unofficially decided on the system of house numbering to be used in the new annexation district. A few seconds after the student action the city council officially acted on the plan.

In designating the numbers for the houses decision was reached to put the odd numbers on the west side and the even numbers on the east side.

Prior to the recent annexation election the question had never arisen, there being no need for the "north" and "south" designations.

To supplement their school room studies, students in the junior high civics classes were present for a short time at the council meeting. City Attorney Edward E. Gray explained to the group that in some places it is customary to have the odd numbers on the left side. "A" street is the dividing line between the north and south numbers. The left side for the streets north of "A" would be on the west side and the left side south of "A" would be on the east side.

"Now should the odd numbers be placed on the west side the length of the streets or on the west side north of A street or on the east side south of A street?" Mr. Gray said in putting the question to the pupils. All but three pupils voted in favor of the plan that was adopted.

Each house in the new annexation district will be given a number. One hundred numbers will be allotted each block, the first block south of "A" street getting numbers from 200 to 300, etc.

Aloys Nicholson and Miss Elizabeth Griggs, teachers, accompanied the students to the meeting. Students present included Harold Hall, Bert Dark, Edward Graves, Tilden Hall, Marion Betz, Clegg Betz, Dick Pehl, Ora Dee Alexander, Larue Jones, Clara Rheinecker, Norma Stout, Margaret Owen, Edith Hill, Lucille Lyons, Helen Longanecker, Dorothy May Myers, Olive Bryant, Betty Gingerich, Dean and Don Phillips, Bill Hayslip, Walter Kincaid, Neoma McCoy and Helen Dark.

The students also inspected the city jail. E. C. Mehl, new chief of police, spoke to the group about the service of the policemen to always be of service to the community.

Sleeping Sickness Attack Frees Man From County Jail

Ill with sleeping sickness in the county hospital, Alfred Register, who was arrested in Upland several months ago and who has been "serving time" in the county jail on a charge of stealing an automobile, has been released to his parents.

Register's home is in Georgia. On learning of the 25-year-old man's serious illness, his parents rushed to San Bernardino and for a week were at the bedside of their son. They were recently granted permission to return the son to their home. An order freeing the man from the sentence of a year in jail for grand theft has been signed.

Young Register stole an automobile in San Bernardino and started for Los Angeles. On reaching Euclid avenue here, he failed to stop at the boulevard sign and was arrested by an Upland officer. When an investigation revealed the car had been stolen, Register was charged with grand theft. He plead guilty. He was stricken with sleeping sickness last month.

organizations. The predictions are in conflict, Mr. Rogers said.

"Some predictions say 'wet and warm' and others say 'wet and cold'," the weather bureau official continued. "In any event, the predictions are agreed on a wet winter."

The regular broadcast of the weather situation will begin over radio station KNX Nov. 15 at 8 p. m. Until then, if the weather becomes dangerously cold, the predictions will be available at the telephone company, Mr. Rogers said.

Citrus growers throughout the district have been rushing preparations for the battle with Jack Frost. The Orchard Protection Co., which serves members of four local citrus associations, has available hundreds of gallons of orchard heater oil.

Whether the winter is going to be moderate or cold, local growers are not going to take any chances.

Southern Mountain People Studied At Missionary Meeting

A study of the mission work among the people of the southern mountains was the feature of the meeting held Thursday morning at the Presbyterian church by the Woman's Missionary society.

Mrs. William Trunkfield, president of the society, presided during the brief business session and Mrs. Ora Clark Palmer led the devotional service.

An account of the work being done by the several Presbyterian schools in the southern mountains was given by Mrs. D. H. Ward.

Mrs. Leon Durham exhibited a number of articles of exquisitely made handwork done in the mountain schools and she then spoke at length on the religious life of the mountain people. She gave much interesting information that is not generally known by those not familiar with the conditions prevailing among the people who have so long isolated themselves in the mountains that they hardly seem a part of the present day world.

Those who are religious are very sincere, Mrs. Durham stated, and live strictly in accordance with their concepts of the Bible teachings. However, the preachers that travel from one settlement to another often are quite illiterate and some of their teachings are built upon century old superstitions.

The missionary meeting was followed by a box luncheon at noon and in the afternoon the Ladies Aid society meeting was held with Mrs. T. M. Nichols, the president, presiding.

Mrs. H. S. Bailey led the devotional service and a brief memorial service was held for two members who passed away recently, Mrs. Mary Gentry and Mrs. Miles Harnly.

Reports of recent projects successfully handled by the Ladies Aid were made and there was a discussion of plans for other financial undertakings.

W. C. T. U. To Meet At Wilhoite Home

Regular meeting of the Woman's Christian Temperance Union will be held Friday at the home of Mrs. Lucy Wilhoite on Campus avenue, it is announced by Mrs. Ralph H. Marr, president. A contributed dish luncheon will be held at the noon hour.

The afternoon program will be featured by reports of the recent state convention and in addition the members will give current events and each one is requested to be prepared to give an item of interest from the W. C. T. U. publication.

Surety

Of this I am quite certain,
Love is a bonfire,
That flares for a moment,
Crimson and gold,
And dying, leaves us
With a handful of ashes
To treasure in a box,
To scatter on the wind.

And I, being a woman,
Have folded a few cinders,
In a square of cloth of gold,
And hidden them in my bosom.
